SALAMANDER SAFES

90 STATE STREET,

CORNER OF MERCHANTS ROW

Secured against Gunpowder

....AND....

WARRANTED NOT TO INJURE BOOKS OR PAPERS BY DAMPNESS

THE Subscribers *only Safes* WILDER'S PATENT, that have in every instance preserved their contents when exposed to large fires like those of the Tremont House in New York, and twenty others, too to mention. These Safes are manufactured and for sale by

JOHN E. WILDER, Boston

and for sale in Bangor, at the manufacturers prices by

FISKE & DALE.

☞ The Following Letter from the Superintendent of the Magnetic Telegraph Company is another proof of the superiority of JOHN E. WILDER'S Safes over all others.—

BANGOR, Oct 24, 1849

John E. Wilder Esq.—

Dear Sir—The Safe I purchased of you was exposed to a great degree of heat in the burning of the Exchange Hotel, in this city. It was in the fire six hours, the books and papers were not injured, and the damage to the Safe was very slight, though it fell from his resting story to the basement of the building. The little repairs necessary to the Safe have been made, as I can shall not need to return it. It is still as good as new.

Respectfully yours, JAS EDDY.

Nov 22 1849 domw

Another Life Saved.

Read the following letter from a Clergyman of Camden Me., to the Editor of the GOSPEL BANNER—

DOWN'S ELIXIR, A CURE.

BR. DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Papers, that in my sickness last winter and spring I received very great benefit from the use of N. H. DOWN'S ELIXIR.

I had been troubled some weeks with a severe cough which so affected the vocal organs, that it was with great difficulty I discharged the duties of my office. My cough continued until I was completely prostrated by bleeding which created a dry, hard cough. My appetite failed, my strength wasted, and my flesh disappeared. Being Wistar's Balsam of Wild Cherry recommended in the Banner, I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of physic necessary, and also contracting the very organs that should be relieved. I used other kinds of patent medicines but with no good effect. Seven weeks I continued gradually to sink, and I never did think it the expiration of which time, I was so reduced by weak, my skin dry and husky, and my feet and hands cold most of the time. I had a dull, heavy pain between my shoulders, and a distressing pain in the pit of my stomach. My tongue was coated with a thick, white fur, bowels very irregular and costive, nights very hot, sweating very hard enough, difficulty of breathing and low spirits. My stomach at this time was so sore and weak, that it was with difficulty I could sit erect. This was my situation when I commenced the use of N. H. DOWN'S ELIXIR.—And to my great joy, and the great astonishment of my friends, I found that the use of it a few days invigorated my system, regulated the circulation and produced a healthy nature upon the skin. I used about one bottle in two weeks, which entirely removed the cough and weakness in my stomach gave me good appetite, and greatly improved my strength. I continued, at a few weeks using six bottles, at which time I was able to resume my usual labors. I have since recommended it to a large number, and have never known it to fail in doing good where the directions were followed.

I have given it to my children in *colds*, and in a case of *measles*, and it has proved ALL IT IS RECOMMENDED TO BE.

I therefore *cheerfully* recommend N. H. DOWN'S VEGETABLE PULMONARY ELIXIR to all who are afflicted with any of the diseases for which it is recommended. Yours truly, J. L. BUTLER

Camden August, 1849

Facts deduced from the foregoing letter

1st. Down's Elixir is laxative—curing costiveness while other medicine increases that difficulty.

2d. It is perspiration. It equalizes the circulation—restores a healthy moisture to the skin, and vigor and tone to the system.

3d. It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system.

4th. It cures colds—is an effectual remedy for the measles and proves ALL IT IS RECOMMENDED TO BE.

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE & WM. ADDICKS & PERKINS A. P. GUILD, WM. MANN & McFARLAND Bangor, L. S. Smith, J. W. Curtis & Co., Hampden, Chas. Johnson, J. B. Chick, Frankfort, H. P. Fabod Buckspurt, J. Hooper Jr. S. P. Hatch & Co. Castine, B. Nourse, Geo. Parcher, Hampden, E. P. Butler & Co. Orono, J. & R. Fisk, H. & J. Y. Richardson, Oldtown, Wm. O. Peter, Belfast, Chas. A. McComber, R. P. Sidomb, East Thomaston.

PATENTS.

American and Foreign Office.

AGENCY FOR BUSINESS

With U. S. Patent Office

WASHINGTON

NO. 22 STATE STREET, BOSTON.

I would say the subscriber was appointed by the Commissioner of Patents [illegible] Patent Office, in accordance with the 10th Sec. of Act of 37.

Having relinquished the Agency for the transmission of Models and attendance thereto expeditious mode of sending them to the Patent Office, *where a Patent may be procured about six weeks sooner*—he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other Countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as the personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions and of consulting in respect to them, *matters in general of paramount importance in order to obtain or get secured patents and claims*. The experience of *thirteen years practice*, an extensive collection of *patent office decisions* &c on much medical subjects, the Patent Laws and patents of different countries, collected at much expense during the long time this office has been established together with accounts here kept of inventions presented at Washington enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R. H. EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I received the Chief of Commissioner of Patents R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skilful Patent Solicitors in the United States and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,

Late Commissioner of Patents

Apr 7, 1849 15eptd&w1m 1850

THE VEGETABLE PULMONARY BALSAM

Is the Most Highly Approved and Popular Standard Medicine now in General Use for

COUGHS, COLDS AND CONSUMPTIONS, *Asthma, Pleurisy, Pitting of Blood, Hooping Cough, Bronchitis*, and all Pulmonary Affections of the Lungs and Chest.

It is thus spoken of by a eminent Physician: "Dear sir— For the above complaints it is superior to any other preparation I know." Another—"It has been used with *wonderful success*, and has an ascendancy over every known medicine." Another—"I can speak with *confidence* recommend it." Another—"It has been used with complete success, and I am *satisfied* that it is a *valuable* medicine." Another—"It is a *safe, convenient, and very efficacious* medicine." Another—"It has never to my knowledge disappointed the reasonable expectations of those who have used it." Another—"It is equal if not superior to any other medicine within my knowledge."

Extract from a letter dated Dayton, Ill., April 19, 1849—"It was first introduced into my family by a celebrated Physician, some ten years ago, and such was the benefit my wife derived from it that we have used it in our house since. I have not been with it in our house since. I have also recommended it to at least fifty different persons and in all cases it has proved a cure for the article by its whole use."

VEGETABLE PULMONARY BALSAM and has the written signature of Wm. Jones Hall upon a red label on the wrapper. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

Prepared by REED & CUTLER Importers and Wholesale Druggists Medicines Paints Chemicals and Dye stuffs, 33 India Street Boston, and sold by Druggists, Apothecaries, and Country Merchants generally. For particulars and testimonials see a Pamphlet accompanying each bottle. Price 50 cents.

GREAT IMPROVEMENT IN

Planing, Tongueing, and

Grooving Lumber.

JOSEPH P. WOODBURY'S

Patent Planing Machine.

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tongueing and Grooving Machine, now offers for sale Machines and Rights to use the same. This machine will plane 6,000 feet of boards to any uniform thickness in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane and is peculiarly adapted to plane and joint clapboards, or weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use. The construction and organization of this machine is different from any others now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid) Boston, Mass.

One of the above Planing Machines may be seen in operation by call on the Patentee

Whig and Courier.

John S. Sayward.—Editor.

TUESDAY, FEBRUARY 19, 1850.

☞ The old hunkers of the loco party in New York city and in Philadelphia, are rallying their forces on the subject of the Union, and to drive from the ranks the political disturbers, the Free Soilers, the Van Burenites, and all who go for special issues. This is undoubtedly a central movement, from the fountain at Washington, and will undoubtedly be followed out through all the Free States. "Attention! Mark time!" are now the words of command from the leaders. "Eyes right, lock step, forward march!"

☞ We have received from the publishers, Oscar H. Harpel & Co. of Philadelphia, the first number of a semi-monthly paper, entitled "The Apprentices' Journal and Young Man's Social Friend," at one dollar a year. It is a neatly printed quarto paper, illustrated by several wood cuts. The design is certainly a good one, of furnishing to apprentices appropriate reading and motives of action, but how far the work is likely to answer the end, we are unable to judge from this number. We trust it may meet the wants of apprentices, and if it shall do this it cannot fail from want of support.

☞ The steamer Admiral fitted and fixed up as good as new, will leave Boston on Tuesday 26th inst. at ten o'clock A. M. for Portland, Frankfort and then to Eastport: where she will connect with the Maid of Erin for St John; and the Nequasset for Calais. Returning she will leave Eastport on Thursday Feb 28 at 3 o'clock P. M. for Frankfort and will leave Frankfort Friday March 1st in the forenoon; making one entire trip each week.

MASSACHUSETTS TEACHER.

We have received from the publishers Messrs Coolidge & Wiley the first number of the third volume of a monthly work with the above title; each monthly number, edited by a Massachusetts teacher and thus giving the subscribers the benefit of twelve editors for the year. It is handsomely printed and to teachers of youth must be of great service as it keeps them well posted up in matters vitally interesting in their profession, while at the same time it is suggestive in its general character. The price of subscription is but $1,00 a year.

A RARE INSTANCE OF GOOD LUCK. The Sacremento city correspondent of the New York Courier, says, that two gentlemen of his acquaintance took out 168 ounces of gold in less than a day, in one of the oldest diggings of California. The same correspondent thinks that many of the inhabitants of Sacramento would have to take to the roofs, if the rains did not soon cease.

The Report of Mr. Meredith, Secretary of the Treasury, has been extensively published in England, and has elicited even more comment there than in this country. The Protectionist paper of the age; while the free trade papers of course denounce it as a weak and watery affair.

A VOICE FROM ALABAMA.—In the Inaugural Address of Governor Collier of Alabama, delivered some weeks ago, on entering on the duties of the office, is the following passage:

"If (says the Governor) the people of the State which may be formed from this territory shall elect to exclude slavery, *we shall most cheerfully acquiesce*, and extend to them the right hand of fellowship."

Mr T. B. King says that the only coal made use of in California, is that sent from England and the United States, and the demand, it is supposed, will be for the year 1850, two hundred thousand tons. Coal is delivered from England at $25 a ton. The coal at Vancouvre costs $12 a ton to get it out of the mines, owing to the expense of labor and the inconvenience of mining.

Despatches were received at the State Department at Washington, on Tuesday last, containing the pleasing intelligence of the partial restoration of the health of our minister at the British Court. Mr Lawrence has so far recovered as to be able to attend to business.

☞ The friends of Peace at the recent State Convention held at Augusta, last week, had a very large attendance and an interesting meeting. They made choice of Hon Samuel Fessenden of Portland, Rev Mr Thurston of Winthrop, delegates to the World's Peace Congress to be held next summer in Germany.

The Legislature of Kentucky has passed a resolution fully and clearly sustaining the position of Henry Clay. This fact must be gratifying to Mr Clay, and it affords another evidence if such evidence is needed, that Kentucky will remain true to the Union.

The church in Geneva, in which John Calvin (who in the 16th century caused Servetus, a Unitarian, to be burned at the stake for his alleged heresy) has been for some time, and is now occupied by a Unitarian congregation.

☞ The friends of Railroads in this county should bear in mind that there is to be a Mass Meeting at East Corinth on Thursday next 21st inst. for the purpose of taking measures for prosecuting a survey of the upper route of a road to Waterville.

☞ The Mercury of yesterday contained a touching letter from Theodore S. Brown, Esq., giving the particulars of the sudden death of his eldest son, in the strength and vigor of his youthful manhood, while on his way to California.

☞ The Hallowell Gazette states that Mr. Gideon Straw, of Newfield, Me, a few days since shot a wild cat that measured four feet three inches in length. He was shot while near the top of a tree seventy feet from the ground.

☞ It is stated that Mr Joseph R. Ingersoll of Pennsylvania will receive the appointment of Minister to Prussia.

☞ There were brought down on the railroads, last week, to the Albany market, 5000 Illinois grouse, or prairie hens, 3300 turkeys, 8000 lbs venison, and chickens, quails, ducks, &c., innumerable.

☞ Palmer's Register states that one of the manufacturing companies of Massachusetts, allows its mechanics and laborers to subscribe for a two dollar paper or periodical, or any two at one dollar a year, at the expense of the company.

☞ Mr Duren has received at his Bookstore the second number of D. Appleton & Company's Dictionary of Mechanics and Engine-work and Engineering, edited by Oliver Berne, which we particularly noticed a short time since.

If any medical student in this State would like to make an advantageous arrangement for completing his studies by attending the medical lectures of the Memphis, Tenn. Institute, he can do so by applying to the publishers of the Bangor Courier.

☞ Our Lady friends and all lovers of sweet flowers are referred to the notice of Mr Brockmuler in another column. His Green House does so beautifully anticipate the fragrant many colored spring, that it is worthy of a visit, and of course the purchase of a lovely flower.

☞ The winter in England has been the coldest that has been known there for many years. In Maine it has been the mildest and pleasantest ever known.

An individual named Guenther, in Vienna, is said to have invented a machine capable of propelling a train of carriages to an amount of 5,000 tons up an inclined plane 40 to 50 degrees.

The News Boys of New York have held a mass meeting to declare their right to sell newspapers on Sundays, and to define their position in other respects.

☞ There is to be a public installation of the officers of the Masonic Lodge in Newport village on Thursday next 21st inst.

☞ We would call the attention of our readers to the notice in another column relative to economical ornamental fences.

☞ The Bangor Courier published this morning contains the entire speech of Mr Clay on the subject of his proposed compromise.

☞ S. P. Dinsmore, Esq. will deliver a lecture before the Lyceum this evening.

The duty of a Finder of Lost Goods.

There are frequent inquiries made as to the requirements of the law of this State, in cases where persons find lost money or goods. The following extracts from the law will answer the inquiries:—

Sect. 13. Whoever shall find any money or goods, of the value of three dollars, or more, the owner whereof is unknown, shall, within ten days next following, give notice thereof in writing to the clerk of the town in which they are found, and cause a notification thereof to be posted up in some public place in the same town; and, if there be any public crier in such therein on three secular days next ensuing.

Sect. 14. If the money or goods so found, be of the value of ten dollars or more, the same shall be cried, and notice given thereof by posting as aforesaid in two towns adjoining, in addition to the requirement in the preceding section.

Sect. 15. Every finder of lost goods, of the value of ten dollars or more, shall also, within two months after finding, and before using the same to their disadvantage, procure, from the town clerk, or a justice of the peace, a warrant, directed to two persons, not interested, except as inhabitants of the town, to be appointed by said clerk or justice of the peace, returnable within seven days from the date, into the town clerk's office, to appraise such goods under oath.

Sect. 16. If the owner of such lost money or goods appear, within one year after notice given to said clerk as aforesaid, and shall give reasonable evidence of his right thereto, to the finder, he shall have restitution of the same or the value thereof; allowing and paying all necessary charges, including a reasonable compensation to the finder for his trouble; to be liquidated and adjudged by some justice of the peace in the county, if the owner and finder do not agree.

Sect. 17. If no owner shall appear within one year as aforesaid, then such money or lost goods shall remain to the finder he paying one half of the value thereof, all necessary charges having been first deducted, to the treasurer of said town; and, in case of the neglect of the finder, then to pay the same on demand, after converting the same to his own use, the same may be recovered in an action, to be brought by said treasurer in the name of the town.

Sect. 18. If any finder of any lost money or goods, of the value of three dollars or upwards, shall neglect to give notice thereof to the town clerk, and cause the same to be cried and advertised, in time and manner, as provided in the thirteenth and fourteenth sections of this chapter, he shall forfeit the full value of such money or goods, one half to the use of the town, and the other half to him who shall sue for the same; and shall moreover remain responsible to the owner of such lost money or goods.

California Admission.

Correspondence of the Express.

WASHINGTON, Feb. 14.

There are indications in the Senate to-day, that California will go through there in the end. Douglas, of Illinois, avows his intention to vote for it. Dickinson will toe the mark.—Benton the signs are, will not vote against it.

Foote says, however, Secession, that is, revolution will be the certain consequence. The Nashville Convention will do the job, &c.

The plan of the friends of California in the Senate seems to be to trust the business to a Select Committee. There has been a fear that the majority of the Territorial Committe was opposed to such admission, but Mr. Douglas (on the Committee, and he knows) thinks not.

In the House, California is now in the Committee of the whole, where it will be difficult to get it out for some time. Preston King made an effort to-day, to get the floor to introduce a bill, and a scene of disorder and confusion ensued, which it is impossible to describe.—When a bill can be got in, it is difficult now to forsee, inasmuch as Mr. Boyd of Kentucky is in the Chair, and will not, as a slaveholder, be likely to see a member who is in a hurry to get a bill to admit California.

Mr Clay declines to connect himself with any bargain as proposed by Mr. Foote, to settle all the slave issues before California is admitted. Mr Clay goes for the admission of California first.

True charity consists in deeds of compassion and kindness to the distressed.

NEW DIFFICULTY. The Minnesota Chronicle publishes a correspondence of some importance between Hon H. H. Sibley, Delegate from Minnesota to Congress, and Hon John M Clayton, Secretary of State, relative to the trade in spirituous liquors, carried on with the Indians on the North-western frontier of the territory by the Hudson's Bay Company. Mr Sibley complains that this British Company sells liquor to the Indians who hunt in our territory, which renders null the efforts of our government to prevent the introduction of the destructive fire-water into the Indian country. He asks that the matter be brought to the notice of the British government. Mr Clayton replies, under date of December 11th, three days after the date of Mr Sibley's letter, that the United States Minister in London has been instructed to address a remonstrance to the British government on that subject.

AGRICULTURE IN INDIANA.—According to an estimate made by Mr Merrill, late President of the State Bank of Indiana, the agricultural products of the State during the last year were: 45,000,000 bushels of corn; 8,000,000 bushels of wheat; 18,000,000 bushels of oats, rye, barley, &c. The average price of wheat was 50 cents per bushel—near a market it being 60 to 70 cts; and remote from one 40 cents. The price of corn ranged from 10 to 30 cents, according to situation.

Of the 22,400,000 acres of land in the State, it is estimated that 14,200,000 are first rate farming land, 4,450,000 are inferior farming land, and 3,750,000 are refuse land.

There were fatted in the State during the year, 1,300,000 hogs, of which it is supposed 650,000 were exported.

WASHINGTON'S ADDRESS, &c.—The original manuscript of Washington's farewell address was sold last evening at the Exchange, for $2300 the Rev. Dr. Boardman being the purchaser, supposed, for a gentleman at a distance.

The terms were cash, and much anxiety was manifested to know who should prove the fortunate purchaser. It was started at $500 by R. Willing, and after three successive bids of $50 each, it went up to $1000. From this it increased to $2300, each bid being $100. At the announcement that it would not go to Washington, there was much applause.

An original manuscript copy of a letter of Gen. Washington to Gen. Miffin, President of Congress, was bought by John Wilson, for $20.—Philadelphia Pennsylvanian.

FRATERNITY OF STATES.—A correspondence of a most interesting description, between Governors Wright of Indiana, and Crittenden, of Kentucky, has been recently published.—Both letters breathe the strongest devotion to the Union, and display a reciprocity of good feeling between a slaveholding and a non-slaveholding State, which others would do well to copy. Governor Wright sent some public documents of his State to Governor Crittenden, accompanying them with an invitation to the latter to pay him a visit in May next, which the latter promised to do, if possible, and sends in return, some Kentucky documents.

APPLES.—The best quality of apples are selling at eight dollars a barrel, and inferior at $5,-50 to $4. This is almost equal to California.—The fact is, that apples, and almost all other descriptions of fruit, except peaches, were a failure last year, and high prices were the necessary result.

Vergaloo pears sold last fall at $21 a barrel. We never heard of such prices before in this market.—Jour. Com.

UNITARIAN CHURCHES IN THE UNITED STATES AND CANADA.—There are three hundred and fifty-one Unitarian Societies in this country, (of which 169 are in Massachusetts) two Societies in Canada, and three ministers in California.

Of the number in this country ten are free [illegible] Pilgrims, viz—the first of Plymouth, Salem and Boston—are all Unitarians, and have been so for many years.—From Unitarian Congregational Register for 1850.

An iron jail was shipped on the steamer Belle Key yesterday for some place down in Arkansas. It was manufactured here out of bars of iron, and when put together will have the appearance of an enormous cage.—Louisville Journal.

[For the Whig and Courier.

Rail Roads for Farmers. No. 25.

Production and Population.

England has a territory of 57,000 square miles, and produces to supply a population of seventeen or twenty millions of inhabitants.—Ireland has 18,000 square miles of territory, a large portion of which is uncultivated, and a population of *eight millions* of inhabitants.—The State of Maine has 32,000 square miles and only 577,000 inhabitants, estimated up to this time, and the State imports, annually, more farm produce, to supply her population than either England or Ireland. Why is this so?

By returns made to the English Parliament, it is shown that the annual value of agricultural productions is one hundred and forty dollars to each man, woman and child employed in farm labor. Three fourths of the population of Maine, or 508,000, it is said, are employed in farming. If each person produced as much value as in England, the productions of Maine would amount to *seventy-one millions one hundred and twenty thousand dollars*, annually. What is the value of the productions of Maine? The Commissioner of Patents estimates the value of the crops at $13,000,000. It is thus seen that the agricultural labor of England produces five and a half times as much as the same labor does in Maine. Why this difference? Is it to be ascribed to the soil and climate, to the government, or to the ignorance of the people?

The late Hon. John Lowell, of Boston, who, for a quarter of a century devoted much of his time, money and example to promote the interest of agriculture, and who did more for the cause than any other man, living or dead, in Massachusetts; and after visiting England and making himself thoroughly acquainted, for he was a thorough man in all he undertook, with her whole productive system, and capacity to produce, then gave it as his opinion that the soil and climate of New England are as favorable to agricultural production as the soil and climate of old England. And yet New England, with only a 6th part of the population, is dependant upon other States for more than *eighty millions of dollars*, annually, of farm produce. Why is this? What interest have the people of Bangor in these questions?

At the first mass railroad meeting in Bangor, Geo. A. Thatcher, Esq. remarked as follows

"There is a crisis in regard to the prosperity of this city. It is now at the height of its prosperity, at the the top of the wheel and perhaps descending. It needs a new progressive impulse, just such an one as this road will give it. He thought that *if the Railroad does not come to Bangor, Bangor will go to a Railroad*, that its capital would be withdrawn and seek investment in places where enterprise and growing business would ensure larger and safer returns."

There are, perhaps, ten thousand persons in Bangor, unconnected with agricultural production—not more. In the surrounding country there are not less than one hundred thousand persons whose chief employment is agriculture. If these persons produced as much as persons in the same employment in England, the product would be fourteen millions of dollars per annum and the natural market for the surplus is Bangor. If production could be increased from what it is, to what it should be, what effect would it have upon population, in the country and in the city?

The ten thousand persons who inhabit the city of Bangor, in the city proper, belong chiefly to the unproductive classes, and if they should all leave in the course of twelve months their place would be supplied and increased in less than three years.

Now, I assume it to be a fact, that *ten thousand persons*, belonging to the producing classes, between the 1st of May, 1849, and the 1st of May, 1850, whose home was within the circle of Bangor trade, will leave the State. To make up this large number it only requires one family of about ten persons to leave each town.—Within three miles of my residence, since last May, four entire families have left the State, and single persons making the number thirty-two. And one family and single persons going out in the spring will swell the number to forty. In another part of the town, the 3d school district, the school agent returned to the select men thirty-two scholars. Now there are but *five scholars* to attend school in the district! If we add to the number who have left the State, those who are now employed out of town, and their families, it will swell the number to near 100, in a population of less than 800. From these facts I assume that ten thousand persons will emigrate from the circle of Bangor trade annually. Well, what if they do? If we can get a railroad from Waterville, of what consequence is the employment of capital and labor in farming in the vicinity of Bangor? Oh, none at all; not in the least.

Mr. Benson, in his speech at the Railroad meeting, said: "It is a settled fact that the railroad is necessary. While on his way to this city he met several pung loads of round hogs all pointing towards Waterville. Is it a good speculation to send round hogs to Boston by the railroad, have it salted there and sent to Bangor to be sold?" To pay two railroad freights on the pork and one on the salt and barrels, is a better *speculation* than to salt in Bangor without the exchanges. Pretty good railroad reasoning. Mr. Benson should have a pig's tail medal awarded him.

But round hogs have been brought this winter from Winthrop, over the railroad to Bangor. And Mr. Rice had the 'great round hog' brought over the railroad from Boston. Is *that hog* to be sent back to be salted, and then sent here to be sold?

But to return to the subject of population. The ten thousand persons who annually emigrate from the hundred towns trading with Bangor are producers, and if the value of their labor equalled the labor of the same class of persons in England, who are said to work for 10 or 12 cents a day, it would amount to the sum of $1,400,000.

It may be fairly computed that each person who leaves the State carries away at least one hundred dollars, making in all one million of dollars. Here then is a loss the first year of $2,400,000. Extend it to ony ten years, and the first years' emigration amounts to a loss to

the State of	$15,000,000
The second year, at the end of the first ten,	13,000,000
The third,	12,200,000
" fourth,	10,800,000
" fifth,	9,400,000
" sixth,	8,000,000
" seventh,	6,600,000
" eighth,	5,200,000
" ninth,	3,800,000
" tenth,	2,400,000
	$87,000,000

Eighty-seven millions of dollars, and a hundred thousand persons, are to be a willing sacrifice, in ten years, for a railroad from Waterville, and a cotton mill on Trect's Falls. The State valuation of the property of Bangor, real and personal, in 1841, was one million nine hundred and nineteen thousand four hundred and thirteen dollars.

A GLENBURN FARMER.

BANGOR ART-UNION.

The distribution of Paintings, by the BANGOR ART-UNION, will take place on the 12th of March, instead of Feb. 20, as before stated in Circular.

A few shares remain unsold. The friends of Mr. HARDY, and lovers of fine Paintings are invited to call on T. B. THOMPSON, No. 2, Granite Block, and secure a share. 1w feb 16

☞ BANGOR LYCEUM.

Lecture on TUESDAY EVENING, Feb. 19, at 7 1-2 o'clock, by S. P. DINSMORE, Esq.

Subject—Hannibal.

Tickets for the evening may be had at the door, by those who have not purchased tickets for the season of 1849—50.

WM. SANFORD, Secretary.

CLERGYMEN.

Dr. S. P. Townsend has had the pleasure of receiving a great number of certificates from Ministers of all Denominations who have either used it or witnessed its effects. Please read them and be convinced there is no remedy like this.

Methodist Testimony.

ALBANY January 27, 1847.

Dr. S. P. TOWNSEND—Sir: I take much pleasure in stating, for the benefit of those whom it may concern, that my son, who is about two years of age, was afflicted with bad sores on the face and body, attended with general debility. We gave him less than one-fourth of a bottle of your Extract of Sarsaparilla, it speedily cured him and restored his health; and I cheerfully recommend it to the attention of those who have children similarly situated. GEO. L. HERMANCE, 127 Beaver-st.

Geneslee L. Hermance is an old, respectable member of the Division street Methodist Church, of which I am pastor. I have confidence to believe that the above statement may be relied on. H. STARKS

A NEW ARTICLE.

BLISS'S COMPOUND COD LIVER OIL CANDY. *For the Cure of Coughs, Colds, Influenza, Hoarseness, Bronchitis Catarrh, Tickling in the Throat, and all Lung and Bronchial Affections.*

THE WONDERFUL curative powers of Cod Liver Oil in all cases of Cough, Colds and Consumption, have been clearly demonstrated by the most experienced physicians in Europe and America. Its peculiar virtues are already too well known to need any description here. The nausea and disgust which many people experience in swallowing the Oil in its usual form of administration is entirely obviated by the discovery of the mode of preparing it in the form of a most AGREEABLE CANDY, possessing and preserving all the medicinal qualities of the Pure Cod Liver Oil without its nauseous and repulsive taste. The powerful curative principle of this Oil being thus retained, and continued with other healing and harmless ingredients, justly celebrated for their efficacy in the above mentioned complaints, forms one of the most soothing Cough Remedies, and remedial agents for staying the advance of Consumption that has ever been discovered. This Candy needs but a fair trial to convince the skeptical of its excellence. Public speakers and vocalists will find it an excellent article for removing obstructions from the throat and clearing the voice.

N B—Be particular and enquire for "Bliss's Cod Liver Oil Candy," and observe the signature of the proprietor on each package.

Prepared and sold by B. K BLISS, Druggist, sole Proprietor, Springfield, Mass.

For sale in Bangor by LADD & INGRAHAM feb5 d&w1m

TELEGRAPHIC

EXCLUSIVELY FOR THE WHIG AND COURIER.

N. Y. Markets.

Feb. 18th, 2 P. M.

The Flour market less active but firm; sales 600 bbls $4,87½ a $5 for common to straight State with Michigan at $5,12 a $5,31½. Southern flour firm.

Rye flour steady; sales of Jersey at $3,15.

Meal quiet and nominal 2,87½ a $3.

Wheat; demand for milling for the East continues good; Market unchanged; all parcels sold Saturday have gone East.

Rye quiet at 62½ cts.

Oats unchanged.

Corn; Southern yellow in good demand but scarce at 60½ cts; in other descriptions no important change.

Pork in good retail demand for California $10,62½ for new mess and $9 for prime.

Beef quiet.

Lard very dull and it is difficult to sell large parcels at 6¼ a 6¾.

Butter steady at former prices.

Cheese is saleable at 6 a 8 cts for prime.

Thirty buildings destroyed by fire in New Orleans.

Two children were burned to death in a wooden building here in 30th street yesterday.

Flogging in the U. S. Navy.

A meeting of the citizens of Bangor, will be held in New Market Hall, on WEDNESDAY EVENING, for the purpose of abolishing punishment by flogging, and the use of Spirit rations in the U. S. Navy. The meeting will open with prayer by the Rev. Dr. BURGESS, at seven o'clock. Ladies and Gentlemen are requested to attend.

LAWRENCE GILLOOLY, a seaman, will make some remarks relating to Naval life, the cat of nine tails will be shown up, and the manner in which they are applied to the backs of sailors, in the Navy. The following gentlemen are invited to address the meeting.

W. H. MILLS, Esq.,
A. G. JEWETT, Esq.,
E. L. HAMLIN, Esq.,
JOS. BRYANT, Esq.,
Judge CUSHMAN,
A. G. WAKEFIELD, Esq.

A collection will be taken up to defray the expense of the meeting.

Front seats to be reserved for Ladies. feb 19

RAIL ROAD MASS MEETING AT EAST CORINTH,

THURSDAY, the 21st of Feburary, 1850.

THE citizens of Penobscot and Piscataquis Counties, interested in the construction of a Rail Road from Waterville to Bangor, over the Northern route, are requested to assemble at East Corinth, on THURSDAY, the 21st inst., at 1 o'clock, P. M., to take measures for prosecuting the survey now in progress on the line of the route, in Somerset County, and to consult upon the course required for an early completion of this great work, which so deeply involves the best interests of this section of our State.

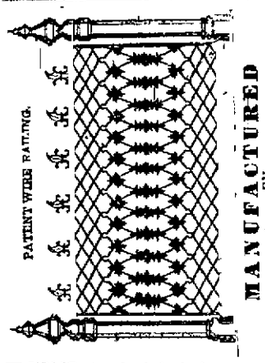
Honey! Honey!!

A NICE article of Strained HONEY at SARGENT & EMERSON'S, feb 19 No. 4 Smith's Block.



MANUFACTURED BY The New England Railing Company, BOSTON.

PUBLIC attention is invited to a new article of Patent Iron Railing, manufactured exclusively by themselves, of Wire or Rod Iron, of any desired size, securely fastened in heavy wrought or cast iron posts

This article is admirably adapted for enclosing cottages, cemeteries, public grounds, gardens, &c., for balconies, columns, cornice work, summer houses, arbors, arches, verandahs, window guards for banks, stores, and all private dwellings lattice work, grating for sky-lights, tree boxes, &c., and in fact, for all purposes where iron railing is required.

The comparative lightness, great strength and durability of the Wire Railing, the easy and varied ornamental designs, together with the *extremely low price* at which it is sold, are causing it to supersede the cast iron railing wherever their comparative merits have been tested. It is furnished ready for erection at prices varying from 35 cents to $2,50 per lineal foot.

For further information patterns of designs, &c., please address LYMAN & CO.,

No 4 Albany Block,

A few doors South of Worcester Depot

☞ Persons intending to fence their lots at Mount Hope, are requested to postpone the same until early Spring, at which time specimens of this fence will be erected for inspection.

Boston, Feb 19, 1850. tawd&w3m

CAUTION.

ABOUT four years ago, a boy named William Henry Prichard, came into the employ of A. NOYES & CO., for the purpose of learning the trade of a Tinner, and an agreement was made by which he was to remain until he was twenty-one years of age. Having had the benefit of instruction in the trade until about two months since, he left us without occasion on our part. We hereby forbid all persons trusting him on our account, as we shall pay no debts of his contracting, persons employing him will do so at their own risk.—Prichard is about 18 years of age, with black hair, black eyes, and florid complexion.

feb 12 Strickland's Block.

The Compound Bloodroot Syrup,

IS above and beyond all Patent Medicines, for the Cure of Lung Complaints, and is the only safe Medicine among all the advertised articles of the day.
It is not drugged up with Opium, or any astringent or injurious substance.
For this reason, the Cough will not abate until the proper time; that is until free expectoration has dislodged everything of an improper nature, from the Lungs. Then will the Cough cease, the appetite return, the fever disappear, the strength be regained, and nature and the healing qualities of the Compound Bloodroot Syrup will perfect the cure. Be not discouraged, if the first few doses do not immediately stop the Cough, increase the fever, and hurry you at an accelerated pace to the grave, as all Medicines *must do*, which operate solely as an astringent or opiate.
Prepared and sold only in Bangor, at No. 6 Main Street, by G. McFARLAND, Proprietor.
N. B.—Country agencies established on application. feb 12

New Style De Laines.

Colds, Coughs, Croups, &c.

THIS is the season for the above complaints, and there is no Medicine equal to the "Great American Remedy, for Colds, Coughs, Asthma, and all diseases of the Chest and Lungs," for the cure of them.
It has done wonders with Children in cases of Croup, and with Adults, in cases of dry Hacking Coughs, which lead to Consumption. It has been tested and is highly recommended by some of the first Physicians in the country. No family should be one day without it.

Store No's 30 & 31 West Market Place.
SALE THIS EVENING.

Great Cough Remedy!

CHERRY PECTORAL

For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

This beautiful, agreeable, and highly powerful prepared preparation of the "WILD CHERRY," is now justly acknowledged to be the only effectual cure for complaints of the Lungs and Throat. In every case the patient is relieved by its use, and in most, if persevered in, is permanently cured.
The Formula for which it is prepared has been laid before the Medical Colleges and a large part of the Medical Profession of this country, and they have agreed in according it unlimited praise as the most skillful preparation and the most certain known remedy for diseases of the Lungs and Throat.
READ THE FOLLOWING FACTS.
Dr. Brewster, of Windham Co., Conn., sends us the following testimony.—
Dr. J. C. Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catherine R. Cady, a highly respectable lady of this village, wife of Mr. Beth Cady, Deputy Sheriff, Windham, Co., Connecticut. The cure in her case was very prompt, and has attracted general attention. W. A. BREWSTER, M. D.
WEST KILLINGLY, CT., Sept. 28, 1848.
This may certify that I was afflicted with a very severe cough in the winter of '47-8, which threatened to terminate in Consumption. I had tried many medicines in vain, and was cured by the use of AYER'S CHERRY PECTORAL.
DIRECT EVIDENCE.
Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. I was obliged to give up business, frequently raised blood, and could get no sleep at night. A friend gave me a bottle of your Cherry Pectoral, the use of which immediately commenced according to directions. I have just purchased the fifth bottle, and am nearly recovered. I now sleep well, my cough has ceased, and all by the use of your valuable medicine.
E. S. STONE, A. M.,
Principal Mt Hope Seminary.
From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass:—
Dr. J. C. Ayer,—Dear Sir:—Enclosed please find remittance for all the Cherry Pectoral last sent me. I can unhesitatingly say that no medicine we sell gives such satisfaction as your's does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects.
D. M. BRYANT.
Truly yours,
Prepared by J. C. AYER, Chemist, Lowell, Mass.
PRICE 75 CENTS PER BOTTLE.
Sold in Bangor by LADD & INGRAHAM, SARGENT & EMERSON; by G. L. Bradley, Bucksport; N. H. Folsom, Dexter; Dr. Gilman, Frankfort; E. Bartlett, Dover; Brown & Baker, Exeter Mills; A. S. Hall, Brower; Snow & Bubar, Hampden; S. P. Hatch, Corinna, and druggists generally.

Dec 15 JOSEPH SHAW Proprietor

LINCOLN STAGE HOUSE.

THIS House has recently undergone extensive alterations and is now open for the reception of the public by the subscribers

They flatter themselves that they will be able to provide as comfortable and convenient apartments as any in the State, if desired — the recent improvements having had special reference to that object

Private families who may wish to spend a few days or weeks in this village, will be amply accommodated

The House has, also, been elegantly furnished throughout with new furniture, and no pains will be spared by the subscribers to furnish their guests with everything, for their comfort and convenience

Connected with this House is a large and commodious Stable which has also been thoroughly repaired where may always be found an experienced faithful Ostler Horses and carriages furnished for all who may want

The subscribers tender their services to the public and intend by keeping a first rate House, and attending faithfully to their business, to merit a liberal share of patronage

JAMESON & HARTWELL

Lincoln Me, Nov 26, 1849 eln 4w3m

HALLOWELL HOUSE,

HALLOWELL MAINE

THE subscriber respectfully announces his friends and the public that he has leased this well known Hotel and has made many important improvements and repairs, and the house has been throughout in a manner that will enable him to offer to the travelling public the accommodations which they may expect at a first rate house

Gentlemen with their families and visitors to the state Legislature will be furnished with superior accommodations. The proprietor hopes by strict attention to business and a desire to merit a share of the patronage of the public, to meet with the liberal patronage so long and so liberally bestowed upon the House formerly kept by his father
